### WATER IS STILL A PROBLEM WITH THE TOWNSHIP COUNCIL COUNTY

Councillor Bartlett Claims Some "Astonishing Information" Will Be Released Very Shortly—Will Wage A Cheaper Rate From Grims-by Water Commission—Will Confer On School Area Plan.

North Grimsby Township Coun-cil met at the Municipal Building Saturday afternoon, with all members of council present, and Reeve John Aikens in the chair.

A great portion of the two and a half hour session was taken up with the discussion of the Township's main objective for this year -water. In attendance was ex-Town Councillor Sam Bonham, who was present in an "observing capacity." Well over an hour was taken up by an oft time heated debate, concerning the present basis under which the Township of North Grimsby purchase their water from the Town of Grimsby.

Again it was quite evident that the present Township Council, intend to wage an all out campaign with the Town, in order to lower the water rate being levied North Grimsby by the Town.

Mr. Bonham, a man well versed in the affairs of the Water Commission, and of the atttiude of the Town Council toward the sale of water to North Grimsby, termed the deal with the Township as being "iniquitous." At one point in Mr. Bonham's remarks to Council. he stated that "the only way to cut the cost of pumping down is to pump more water, and I believe that more water can be pumped, the facilities are there."

"You gentlemen have been hollering about water for a long

"Yes, and we know we're getting somewhere, too," interjected Deputy Reeve Sam Bartlett.

"You are likely to get a lot further," commented Mr. Bonham. (Continued on Page 4)

True independence is never afraid of appearing dependent, and true dependence leads always to the most perfect independence.

> FACTS & FANCIES Frank Fairborn, Jr.

IT'S A PLEASURE

At long last it is a real pleasure for the press boys to report Town Council meetings. coal. Everything runs just as smoothly and as quietly as a church service and as a result a tremendous amount of business is transacted in a short space of time and everybody is happy about the whole thing.

To sit in on a Town Council meeting these days one would never know that they were in the same building as they sat in a few months and a few years ago. No hot arguing, no bickering, no ranting, no raving, no personalities being hurled, no cross fire over the table and above all no five and six

including the poor benighted pencil pushers know what is going on and what it is all

I'M ASHAMED TO PAY MY BILLS

You have often heard tell of a man who was ashamed because he did not, or could not pay his just and honest debts. With me it is just the reverse. I am ashamed to pay my just and honest debts.

What I mean by that is simply this. walk into the office of the Grimsby Natural Gas Co. with my monthly bil for February in my hand. With trembling fingers I lay it on the desk and fumble for my dough. I'm ashamed to pay the bill. I feel as if I have been getting something for nothing. My bill for February for heating my home and believe me Ma keeps it plenty hot, for all cooking and for the hot water tank was only \$21.15, and that at the new increased rates. My bill for January was under the \$25 mark. Heavens to Betsy, \$21 for heating, cooking and hot water. Less than the price of a ton of

Then I walk across the street and into the Hydro office. I am ashamed to look that Irish-Scotsman Davey Thompson in the eye. My electric light bill for the months of January and February was only \$3.02. Or \$1.51 a month and believe you me, Ma is no respecter of light switches and there is always plenty of light in the House of Livingston now that the restrictions have been removed. Also don't forget that Ma is using a toaster, an electric kettle, an electric iron, vacuum cleaner, electric percolator, the thermostat

institutions, was under C.C.F. fire in the Legislature on Thursday. The question of unionization of guards at the Toronto jail was interjected into the debate. After a considerable outpouring of acerbities on the Minister, Mr. Dunbar arose and made this charge:

"These men (the C.C.F.) have planned in To the Editor. the corridors at Queen's Park to start a riot Grimsby Independent. in the jail. That's the object of all this talk." Dear Sir:

"Can they join the union?" demanded Mr. Wismer.

"No," snapped Mr. Dunbar. "Is that clear enough? And neither can employees of any similar institution.

And that, in any man's language, is plain enough. An organized union of guards in a jail, mental institution, penitentiary, reformatory, would have the right to strike. What would or could happen in such an event? Should the public welfare and interest be subject to such a hazard? Consider the possibility, not at all far fetched, of a jail guards' union under Communist control, as some unions are today:

AUTO INSURANCE

Automobile insurance premiums will curve upward on January 1. There is only one solid reason for increased premiums on this class of business. Insurance companies cannot operate "in the red"; they must remain solvent for the protection of the people who pay for it, and to whom protection is necessary.

The rising curve of accidents in the province and the upward curve in automobile

conscious every moment at the wheel-

### Letters to the Editor

Grimsby, Ont. March 14th, 1949.

Taxpayers of Grimsby should view with alarm a newspaper item of last week, stating that, quote "Expressing the opinion that assessments on many local properties were "away too low," members of Town Council last night instructed G. G. Bourne, municipal clerk, to contact assessing firms to obtain an estimate of cost of having Grimsby completely reassessed. The reassessment if authorized by council, will be completed this year."

Lincoln County Council have expended considerable time and money during the past two years in an effort to secure uniform assessments throughout the county and finally approved a system, which is used by all the different assessors in the county.

The taxpayers of Grimsby are entitled to statement from Mayor Lewis and Reeve Price telling us why the proposed re-assessment of Grimsby is desirable. Mayor Lewis and Reeve Price were both members of last year's County Council (as Reeve and Deputy Reeve of Grimsby) and I do not recall that either of them registered any objection to County Council's action regarding assessments.

Do Mayor Lewis and Reeve Price now disapprove of the plan which last year they supported? Signed.- An Ex-Reeve of Grimsby.

NOTE:- The writer of the above letter is slightly in error as regards to Mayor Lewis being a member of last year's County Council. Mayor Lewis has not been a member of the county body for some years. For the past two years John Hewitt was Reeve and Mr. Price Deputy-Reeve, both members of County Council."-ED.

### WANT EGGS, OR MEAT, OR BOTH?

Are you primarily interested in producing eggs, or poultry meat -or both? No matter which-it pays to choose chicks that are "built for the job," and start them as early as you possibly can. Remember the prices for big eggs in late summer and early fall, and for early meaty broilers and roasters! Aim for the right market with the right chicks.

### "The Bray Chick does the Trick"

Bray Chicks have been "designed and built" for the high vigor, high livability, fast growth and full development which will help you make most money from either layers or meat birds. They have behind them many generations of careful, consistent selection for both meat type and high egg production. That makes a difference! Order Bray Chicks-and do it now!

### Oldsmobile rolls forward into '49—with an All-Futuramic line—a new "76," a new "88," and a revolutionary new "Rocket" Engine

Strike up the band! Sing out the news! It's "My Merry Oldsmobile" in a triumphant new tempo, as the line of Futuramics swings by on dress parade! There's a brand new Oldsmobile Futuramic "76" . . . with Fisher's newest body, panoramic vision, plus a remarkable new "Big Six" Engine. And leading the

parade, a newly styled Futuramic "88" . . . with the revolutionary new "ROCKET" Engine! Yes, you'll experience "The New Thrill" the moment you first set eyes on a 1949 Oldsmobile. There's fleet-flowing smartness, inside and out - an eager-for-action look that's backed-up by performance. In fact, with GM Hydra-Matic Drive, Oldsmobile's performance is so incredibly smooth, silent, and spirited, you've got to try it to believe it! Your Oldsmobile dealer invites you to inspect the new Futuramics - examine the new "Rocket" - experience "The New Thrill!"

The Reeve was given the authorthan 500 acres of timberland.

### WATER IS STILL

hold a meeting with the Water Wray Betts will represent North Commission, and we will have Grimsby Township on the Board of plenty of information, some of Directors of the Victorian Order of which is astounding," stated the Deputy Reeve.

The Township have been conducting exhaustive tests to ascertain whether or not master meters are in proper working order, and also to determine if leaks do exist in Township water mains. Apparently they are of the opinion that the loss of water does not emanate in Township mains or meters, and although they have not released any report from the concern making the tests, it is quite likely that these reports will be available when the Township meets the Water Commission.

Reeve Aikens stated that all but a few services in the entire Township were now metered, and that all services would be under metre control in the very near future.

The question as to the efficiency of master metres was questioned, and to this end Mr. Bonham related that he recalled a case where a master metre ran for two years and never registered, because a ball of fish netting plugged its working organisms.

The water discussion took up a great portion of the meeting, and undoubtedly there are going to be fireworks in the very near future as the differences are brought before a meeting when all parties concerned will pit their knowledge against each other.

North Grimsby Township are prepared to go all the way in an attempt to reduce the present water rate which is almost double the rate originally agreed to by the two municipalities.

Special Meeting Feb. 25 A special meeting of Township Council held on February 26, prowided West Lincoln Memorial Hospital with a grant up to 8/10ths of one mill, the grant to be levied on the tax roll of 1949. From this special meeting, Deputy Reeve Sam Burtlett was appointed as the Township's representative on the Board of Directors of West Lincoln

Memorial Hospital Council have been informed by their solicitors, Lancaster, Mix and Sullivan that the Canadian National Railfways do not deem it necessary to install additional protection at the Nelles Road railway crossing. Council had requested the railway to look into the possibilities of installing a more adequate pro-

tection system at this point. In part the C.N.R. answer to this request, said that the view on the approaches to this crossing was very good, and the present protection equipment appeared to be ade. quate in their estimation. The Railway also enclosed a survey taken over a twenty-four hour period on the 23 and 24 of February. The survey showed that 38 trains, 36 pedestrians, 87 automobiles, 30 trucks and 16 bicycles made use of the Nelles crossing in this twenty-four

hour period. Conservation Report

Councillor Lewis McNiven gave a brief report on the recent Conservation meeting held in Grimsby. at which Mr. Richardson of the Planning and Development Branch was present to outline to representatives from throughout the Nisgara Peninsula, what is being considered in the conservation of the lake shore. Although lake shore erosion was the main topic erosion in its other phases also entered the

Secretaries Beamsville were much enjoyed the from \$10 to \$200 a year on relief able, perhaps was the hospitality and the evening were Bill and Margaret Morison.

Our members agree that all farmers should file income tax returns each year. This gives the farmer a chance to take advantage of the 5 year plan. If a farmer planned on making out his tax each year he would be more particular in keeping track of small items which would provide exemptions for him. Instructions are not too clearly

stated for exemptions on depreciation and basic herd. Forum memhers have the advantage of the forum guide but this does not help every farmer. Most members thought a small sheet of instructions would help. Perhaps it would be less confusing if the pages fol-

lowed in the proper order. Next week's meeting will be held at the home of Mr. and Mrs. John Bowslaugh. This is review night and Mr. Lewis Hawkey and Miss Etta Tuck will have charge of the program.

### TWENTY-FIVE YEARS OF WORK OF I.O.D.E. IS REVIEWED

It is interesting note that by loyal, courageous women giving. 1926 the feeling tord Armistice freely of their time and energies Day was changing m one of joy- in the cause of freedom and good ful celebration to geful rememb- will.

Once again The Independ ant is forced to bring to the attention of the press secretaries of the various ladies' organizations, that we cannot accept lengthy reports of meetings over the telephone. We have not, and cannot secure telephone facilities to handle this type of news. We are more than pleased to have reports of all the ladies organization and pleased to give those organizations all the space they require, but the re ports of those meeting must be written out and brought into this office. We cannot accept reports over the telephone, so do not be angry when the lady that answers the phone politely refuses to accept the report over the wire.

There have been many other activities, for too numerous to mention here. We like to recall the Pro. these officers to the outlying dis-

Charter members. This is the highest award a chapter can give and is held in the greatest esteem by the recipients.

It is in looking backward on occasions such as this, in reviewing past efforts, that we realize that we are daily adding to the sacred traditions of our young nation. Inspired by our achievements, chastened by our mistakes, quickened by the opportunity to serve, we press forward in humility and gratitude to Almighty God, to meet our responsibilities as Chapter members and citizens of a great country with faith and courage.

Brantford Nationals had no difer(2), Dunham, Holota, Linn. ficulty whatsoever drubbing the questionable Peach Kings by a five to two score in the second game of 3-Grinsby, Dodds the Big 6 Senior "B" group finals The Nationals played both ways, 4-Brantforl, Wiacek breaking fast, and backchecking 5-Brantford, Jolly (Smith) \_18.25 like demons. The Kings had trouble Peach Kings a weekend of riotous Reid. living caught up with them, and these guys were useless which is 6-Grimsby, Soutar maining members of the team not 7-Brantford, Woods addicted to unnecessary abuse of the human system, they had very luck forming any sort of organized attack. As for the defense . . . it just did not exist. Denny Leeson must have wondered many many times why his mates could not cothe puck. Two and perhaps three of the Brantford goals resulted directly from poor clearing on the part of Leeson's team mates. The locals came up with their worst showing of the season, but even at that they did not get any of the breaks of the game, while the Nats

attempted. Right from the opening faceoff. the Brantford team pressed our guys into their end zone, and Leeson kicked out shot after shot as his forwards and defense could not get untracked. Hammer had little to do in the first period, however, he did look good on Hutchinson's shot at the halfway mark. Watson and went thrugh the entire Kings team and drilled the puck into the net to open the scoring. Just two minutes later Wiacek and Woods had clear shots at Leeson, with the kid kicking out a fistful of rubber, Hewson finally got his stick on the puck and put the Nationals two up. RESIDENCE 238-J Four penalties were handed out to the Kings, three to the Brants in the first frame. Most of the penal-

### "More of our friends have Telephonesand we all use the Telephone more!"

DAY AND NIGHT, seven days a week the telephone is at your service. Quickly and easily it keeps you in touch with everything and everybody everywhere. There are 400,000 more telephones and two million more calls a day than there were three years ago. And service is getting better all the time.

In three years, however, costs of important raw materials for telephone lines and cables have risen sharply. Copper prices have doubled, zinc and lead prices tripled. Yet, up to now, despite rising costs on all sides, there has been no increase in the basic telephone rates established 22 years ago. Few things give you so much real value at such low cost as your telephone.

We've broken all records but there are still orders we haven't been able to fill. We will keep right on working and building to make your telephone service a bigger bargain than ever - to continue to provide more and better service at the lowest possible cost,

A. RYANS

By "HIGH" MGREGOR

Grimsby Senators, currently awaiting competition in OHA Intermediate "B" playdowns, received a jolt last week, when they were ordered to play Georgetown, last year's big time operators in this category. However with their usual pispatch the OHA loused up the deal by changing the series, with Georgetown now meeting Sutton. The Senators after their initial shock . . . are still waiting.

Penalty timekeeper Harry Dowle received a very nasty injury to his shinbone last Friday, when hotheaded Fred Kenney of the Brantford Nats unintentionally laced the official with his stick, as he was about to enter the penalty box.

Kirkpatrick of the Hamilton Kirk- inches. patricks has failed to show very well in the few times he has been has been said that Lester was a he tried to separate a couple of minor league ref by the name of crowd. Mellenbacher, who hails from Hagersville. This gent should stick was most unsteady.

Four or five people got clunked with flying pucks at the Brantford game, Including Coach Pop McVicar of the Kings. Cannot for the life of me figure out how the Fire Marshal's Department has apparently overlooked the serious hazards to be found in the Arctic Arena in Brantford. If ever a disaster was being invited, it is right there. Exits are few and far between, and yet smoking is not suppressed at all. George Marr of the Grimsby Arena tells us that there are at least seven exits, clearly maked with the usual red light in the local igloo. Add to this the careful watch of the Grimsby firemen for those who might take a drag on a cigarette. And we can definitely state that very little hazard exists at the local Arena.

Throughout the hockey season of 1948-49 much space has been allotted to the matter of rough play, nefarious deeds on the ice, and in general the rugged style of hockey being dished out in this modern age. At one point early this season the Ontario Hockey Association got very caustic about being clean and yet very aggresthe situation and informed their referees to go out and clamp down Normie Warner (14 minutes) and on every infraction no matter how minor it may be. Panter's Whistlemen promptly went out and carried on in their usual style. As a style all the time, and yet this how to conduct a game.

benching a player or two right in ulated for his clean style of play. the first minute of play, this move we presume is to impress upon the players that he is the boss and no FRUIT BELT FINALS o fooling. Others clearly take the

ALMOST LIKE

stand that the less they blow their whistle the more the crowd will appreciate the encounter. But alas, every time a ref tries to be a good egg, the players forget that they are gentlemen, and the first thing the official knows the game is a wild affair with every darn OHA rule being broken, plus a few that they do not list in their annual

The poor referee is the guy who simply cannot please anybody. Not very often is a good word said to the -ricial, who when he skates off the ice is often as weary if no more so than the players who have

Occasionally the gent in white sweater is the target for vide shin pads for officials the other than verbal abuse. No. 127 Monthly General Meeting last

There will be no "Cribbage" at the Legion Hall tonight, Thursday, Branch Ladies Auxil-

The Service Bureau Officer, Mr. J. A. Warren of Hamiton will be at the Legion Club on Wednesday, March 23rd, from 10 tight grip. a.m. to 12 noon for the purpose of problems concerning war pensions

allowances, treatment or general

welfare. There is a great satisfaction when considering the results of the interviews which have been held during the last twelve months beveterans and dependents. Out of some 30 cases there have been only two which have had to be refused. of the remainder, the veteran applicant has received either pension whole snow removal project, and or increased pension, hospitaliza- with a road maintainer doing a tion or acceptance for hospitaliza- decidedly poor job, motorists still This work is not intended to cover any condition where the Veteran or dependent is not entitled under the several Acts in the Veterans with the proper equipment, did a Charter, but to arrange that they good job keeping the highways receive that advice and assistance open, and they were bare twentyto which they are entitled. The four hours after the wet snowfall success of this phase of the Legion work is due to the whole-hearted

Branch Coming Events Tonight, Thursday, Bridge and Euchre at the Grimsby High School at 8 p.m. Branch Ladies Auxiliary, Saturday, April 2nd. Bingo, Masonic Hall, Grimsby, 8 p.m., Saturday, April 2nd. Salvage Collection.

### In Memoriam

NEWTON-In loving memory of our father, J. W. Newton. who passed away suddenly, one year ago, March 20, 1948. Time passes, but memories ling-

-Ever remembered by sons,

We know you appreciate good food, and that's why we take such pains to provide our customers with only the highest quality

Whether it's for a delicious home styled dinner, or a "hamburg and coffee," will enjoy the best

(Midway between Grimsby and Beamsville)

APRIL

SPRING WITH

RUSS CREIGHTON

CLUB 13 COMMUNITY HALL, BEAMSVILLE

(By GORD McGREGOR)

Apparently wanting to get in ne last good lick before giving up an otherwise open winter, the entire peninsula was hit hard by a ten inch snowfall last Thursday iary at the High School night. Roads soon became twisted pathways of mushy ruts, and many motorists were forced to abandon their autos as old man snow bogged their vehicles in a

> Feeling the effects of the storm were the township road crews, who with a minimum of proper equipment with which to work found themselves away behind schedule as angry residents waited and waited for their roads to be at least given a temporary scraping. North Grimsby crews went to work early Friday morning, and were still at it on Saturday, with some roads still untouched.

To the east. Clinton Township made a complete fizzle of the navigating some roads.

The Department of Highways

No reports of damage have been received as a result of the weighty co-operation and help by the Desnow, although many evergreen shrubs and orientals took quite a beating. The frost-free earth absorbed much of the melting snow as high temperatures prevailed over a beautiful weekend.

Photography addicts made good use of the wondrous workings of Mother Nature, country roads and lanes being the subject for many an amateur picture. The snowfall was our biggest of the 1948-49 winter, but there are those selfappointed weather prophets who contemplate more snow this month and perhaps even in April. Generally these old timers reason. that with an open winter behind us spring will be a delayed issue.

Speaking of spring, a real sign, Tom and Bill, and their families, is the opening of the muskrat sea, son, which is now in full swing. A reliable informant tells us that the usual trip-robbing continues This is a litle war waged by all the trappers, if some Joe lifts your traps ... you lift someone else's traps. Fin. huh? First grade pelts are seling for around two buck this spring, almost a dollar less than last year. It's a lot of hard work or these hardy individuals who annually wander up and down thecreeks and marshes. and a day on a trap line is sufficient to tir a person out plenty. Locally the lands are working the Grimsby pod, while numerou others set their traps in Jordan Harbour, and the ponds at the Fifteen and Skteen. Almost all the bigger crees are covered, with the area arond St. David's and Virgil comin in for plenty of at

Coming cents department: truly professmal troupe of ice skaters will beappearing a week from this Satulay night at the Grimsby Arena According to the arena manageent, the Toronto skaters look afr every detail, and the Ningara Pikers are looking forward to packed house for the special ice rest. Tickets are on sale in Grimsbyby the Junior Chamber of Comerce, and in Beamsville by Club 13.
